

## Literacy

In autumn we will be studying 'Stone Age Boy' and 'The King of the Birds' along with working on writing letters and Instructional writing.

Children will learn to:

- Use conjunctions and noun phrases to make their sentences more interesting.
- Begin to use adverbial phrases to explain where, when and how something happens.

## Numeracy

Children will be learning how to order, add and subtract three digit numbers, both cardinal numbers and money. This will involve real world uses and word problems.

Children will also be learning to recall and use multiplication and division facts for the 3, 4 and 8 multiplication tables. Solve problems involving multiplication and division, using materials, arrays, repeated addition, mental methods, and multiplication and division facts, including problems in context.

## Science

### Forces and Magnets

We will identify that objects need to connect for forces, except magnets.

We will investigate if objects are or are not attracted to magnets.

We will investigate how objects move on different surfaces.

We will identify how magnets attract and repel and link this to the poles.

We will identify the effect of objects in water, link to floating and sinking.

## PSHE

We will be learning about how to keep ourselves healthy through hygiene and diet.

## Year 3 (DP)

### Stone Age to the Iron Age

#### Autumn Term

## MFL

We will revise numbers 0 – 10, greetings and classroom instructions using songs and role play.  
We will find out about Christmas in Spain.

## Art/DT

In Art are going to be concentrating on observational drawing: looking at what faces and other objects are really like and producing more realistic works of art.

In DT we will design, make and evaluate Mechanical Posters incorporating levers and linkages.

## RE

To describe the different religious celebrations from around the world.  
To identify how different religions show commitment.  
Reflect on their own inspirations in life.

## Computing

We will be learning how to use Word and improve our typing accuracy and speed. We will send emails to our friends within the class. Using Audacity, we will learn how to layer sounds to create a soundscape.

## PE

The children will be attending swimming lessons.

## Music

We will continue whole class recorder lessons and perform to parents.  
We will sing Christmas songs in preparation for the Carol Service.

## Forest Schools & Gardening

We will be creating Stone Age objects and houses using natural resources. We will be exploring and learning more about autumn. We will be preparing the garden for spring including the planting of spring flowering bulbs. In addition, we will be exploring our own interests in the outdoors working on increasing our independence and self- esteem.

## Humanities

We will be learning all about the Stone, Bronze and Iron Ages and how the developments in each age affected the lives of people in Britain.
