

Literacy

Story: 'Fatou, Fetch the Water' by Neil Griffiths

Outcome: To write a story about someone going to collect something but getting different things instead.

Focus on compound sentences and noun phrases.

Non-Fiction: 'Dr Fisher Asks'

Outcome: To write a letter giving an answer to a problem about an animal.

Focus on verbs, different types of sentences and correct grammar.

Numeracy

Count in steps of 2, 3, 5 and 10.

Compare and order, estimate and measure capacity using litres and millilitres.

Add and subtract 2 digit numbers and in the context of money and interpreting data in statistics.

Solve problems involving multiplication and division using arrays and repeated addition.

Recognise, find, name and write fractions of a length, a shape and a quantity. Identify and describe the properties of 2-D and 3-D shapes.

Use mathematical vocabulary to distinguish between rotation as a turn and as angles.

Science Plants

Observe and describe how seeds and bulbs grow into mature plants

Find out and describe how plants need water, light and a suitable temperature to grow and stay healthy.

Animals

Notice that animals, including humans, have offspring which grow into adults.

Identify and name a variety of plants and animals in their habitats.

PSHE Relationships

Through this unit we are going to be talking about people who are important to us and how we treat our friends. We are also going to be investigating the feelings of pride and jealousy.

Art / D&T

This term our focus will be on paint. The children will use a variety of brush types and experiment with water colour and poster paint, producing works of art on a smaller and larger scale. They will learn about colour relationships, the primary, secondary and tertiary colours and colour mixing. We will be studying the art of Monet and Van Gogh. In D&T the children will be designing, making and evaluating a puppet to perform a play. During this project they will explore and evaluate different techniques to join fabric.

Music

We will explore timbre, tempo and dynamics for our first topic and we will explore sound for our second, using our voices and percussion instruments to perform to other classes at the end of term.

Year 2 (Miss Batchelor and Mrs Buckeridge)

Here, There and **Everywhere!**

Kampong Ayer

Summer Term

PE

Dance

The children will learn how to create and link dance phrases using a simple dance structure in order to create a dance to perform.

Outdoor PE

In our outdoor PE lessons we will be working on bat and ball skills to build up to simple games of tennis and rounders.

Computing

We will be developing our understanding of data handling this term by continuing to make pictograms and graphs to create and answer questions. The children will be introduced to branching databases using 2Question. They will make their own branching database to identify objects using yes or no questions.

RE

We will explore symbols important to the Christian and Jewish faith and symbols important to them, with particular focus on symbols within a Jewish synagogue and a Christian church.

Forest Schools & Gardening

We will be exploring colour in nature— searching for and matching colours that we find. We will also be using natural pigments – from leaves and flowers – to create pictures and patterns. Children will have the opportunity to explore their own personal preferences – creating natural pictures of things that they like. Additionally, children will be able to use tools such as the hack saw and bow saw in order to create a hanging decoration for somebody that they like. Children will also have the opportunity to harvest and sample produce as it becomes available.

Humanities

Understand geographical similarities and differences through studying the human and physical geography of a small area in a contrasting non-European country. Identify seasonal and daily weather patterns and locate hot and cold places of the world. Use basic geographical vocabulary to describe human and physical features. Use world maps, atlases and globes to locate places around the world. Study how and why things have changed in Kampong Ayer.
